Wrap your noggin around this: a heaping helping of pistachios has the same calories as a handful of potato chips. Pistachios are naturally cholesterol and trans fat free, a good source of protein and fiber, and heart-friendly. A recent Harvard study also suggests that eating nuts seven times a week or more is as healthy as it is smart. Which makes pistachios the sane choice when it comes to snacks.

Scientific evidence suggests but does not prove that eating 1.5 ounces per day of most nuts, such as pistachios, as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease. # Jessica & Justin's DRAMATIC DELIVERY

AFTER A TOUGH YEAR, JUSTIN AND JESSICA  
HAVE BONDED ANEW OVER THEIR BABY JOY.

**A**S the days were winding down to the early April birth of **Justin Timberlake** and **Jessica Biel**'s first child, son Silas Randall Timberlake, one big question remained: Would Justin be there? At key periods during Jessica's pregnancy, Justin, 34, was otherwise engaged — traveling the world on his 20/20 Experience Tour, partying with **Taylor Swift** on her birthday, picking up honors. Less than two weeks before the baby was born, in fact, Justin was onstage accepting the iHeartRadio Innovator Award, telling the crowd (and his wife) that he was “headed home right now to innovate by learning how to change a poop diaper and get my swaddle on.”

It was a rare public acknowledgment of a pregnancy the couple had long kept

on the down low; they were even quieter about the fact that “up until days before [the birth], Justin wasn’t around much,” says an insider. “Jess spent most of her time with close friends and family, and she was really upset by his behavior.”

As *Star* reported, she even delivered an ultimatum, insisting he become a more attentive husband. It worked. “He did a complete 180 and really stepped up to the plate,” says the source. “The labor was hard on Jessica and extremely painful.

He held her hand throughout the delivery and even sang under his breath to try to distract her from the pain. He’s cleared his schedule, promising to be there through the next crucial months.

Justin’s mom, Lynn, posted news of

## A FRESH START

The ultraprivate couple didn’t even acknowledge the pregnancy until Justin posted the photo below on his birthday, Jan. 31, calling it “the greatest gift ever.”

the delivery on Facebook, explaining that the baby is “named after my father and my son” (Silas is Justin’s maternal grandfather’s middle name; Randall is Justin’s middle name, as well as Justin’s dad’s first name). It marks an ecstatic new period in the couple’s two-year marriage. “Jess and Justin definitely had their troubles,” says the insider, “but Silas has made them a family, and they can’t wait to spend as much time with each other as they possibly can.” ★

**THE TWEET  
THAT  
RUINED  
EVERYTHING**

# THE TOUR IS OFF!

THEY MAY COLLABORATE WELL IN THE STUDIO, BUT *STAR* HAS LEARNED THAT THESE TWO MUSIC MOGULS CAN'T SHARE THE SAME STAGE!

It took **Rihanna** just four, five seconds to realize that doing a tour with **Kanye West** was a colossal mistake. Just a few weeks ago, fans were abuzz with rumors that Ri and 'Ye were going to team up, but *Star* has learned that the "BBHMM" singer nixed the idea after Kanye, true to form, commandeered the spotlight.

"Rihanna started having second thoughts after the tour information was 'accidentally' released by Kanye's people," says a source. On March 5, Kanye's creative team,

DONDA, tweeted a picture of the official tour logo but have since deleted it. "She didn't like how the tour was announced and felt like Kanye would end up hijacking the entire thing."

Then there was the issue of whether Rihanna wanted to keep up with Kanye's wife and in-laws. "Rihanna worried about just how involved the Kardashians would be in the tour," explains the insider. "She's witnessed firsthand how that family can affect a situation, and Rihanna believed that Kim would upstage her."

And if you ask Rihanna, whose last album, *Unapologetic*, went platinum, she has nothing to gain by pairing up with Kanye, whose disc *Yeezus* failed to produce even one major hit. Now Kanye is fuming that Rihanna has pulled the plug on their collaboration.

"Kanye can't believe she backed out," says the source. "They had planned to have a big world tour, which would have spanned nearly a year and gone all around the world. This has been a huge blow to his ego — and now they aren't speaking." ★

# ANGIE & EVA NEW BFFS!

Hollywood's most beautiful loners are teaming up! **Angelina Jolie**, who has said she's lacking in the friend department, has a new galpal in Tinseltown, **Eva Mendes**. While their respective baby daddies, **Brad Pitt** and **Ryan Gosling**, collaborate on their new movie, *The Big Short*, the girls have been doing a little female bonding.

"Angie and Eva started taking to each other when Ryan and Brad left to film in New Orleans," dished a tipster. Eva mentioned that little Esmeralda was teething, and Angie advised trying to soothe her with diluted chamomile tea. "They have a lot in common — not just as mothers but also with past personal issues," adds the insider. "Both of them like to be alone, but ever since Eva had a baby, she's felt the need to get some advice from other moms, and when she met Angie they just clicked." ★

# TORI & CANDY MAKE UP!

Call it a Mother's Day miracle. After a well-documented and long-simmering feud, **Tori Spelling** and her millionaire mom, **Candy Spelling**, have finally buried the hatchet. "They had a real heart-to-heart conversation in February, where they apologized for things that were done and said, and since then they've been inseparable," says a family source, revealing that Candy was a doting grandma at Tori's son Liam's eighth-birthday party. One thing that had always added to the acrimony was the ever-present TV cameras. But now that Tori's reality show is finished filming, she and Candy are no longer clashing costars but mother and daughter. "Tori plays the victim role to the hilt on her reality show, and the villains are usually **Dean** and Candy. It was enough already," said the source. "The only cameras at Liam's party belonged to the guests, the way it should be. Tori is happier with Candy than she's been in a long time." Of course, things could blow up again in a week, so stay tuned! ★

**THE KING & QUEEN OF COACHELLA?**

**DUBIOUS DISTINCTION**

And you thought your breakfast burrito was unhealthy! British supermodel **Cara Delevingne** is trying to step off the catwalk and onto the big screen, but her habit of waking up next to a bottle could put her acting career in jeopardy. "She sometimes drinks tequila as soon as she gets up and uses the excuse that she's jet-lagged," a friend tells *Star*. "Cara blames her crazy schedule for her love of alcohol; it's really becoming a problem." But she's in for a rude awakening, now that she's settled in Toronto to film her first big franchise film, *Suicide Squad*, with **Will Smith** and **Jared Leto**. "She won't be able to use time zones to justify her tequila-infused antics," the source explains. "Shoots start early in the morning, and since she's in the big leagues, she has to clean up her act or risk being labeled unreliable." Time to break up with Señor Cuervo! ★

Despite an utter lack of talent (Kendra was branded "horrible" and "offbeat" when she performed *Ludacris'* "What's Your Fantasy" on MTV's *Celebrity Rap Superstar*) she's convinced that a hit song is in her future.

"She's always loved being on stage, so when an opportunity opened up for her to lay down some rap and R&B tracks, she took it," reveals a friend close to the mom of two. "Even if they are terrible, she thinks Auto-Tune can fix them." ★

## JAKE T. AUSTIN FIRED FROM FOSTERS?

Don't mess with **Jennifer Lopez**! Sources on the set of the ABC Family show *The Fosters*, of which Jen is an executive producer, tell *Star* that she's fed up with star **Jake T. Austin**'s bad attitude and aggressive outbursts and may not bring him back next season. "The rest of the kids are so sweet, but Jake's a party boy and a bad influence," said a source, adding that Jen flipped after she heard he threw a shoe box while at a Teen Choice Awards gifting suite. "Jake is unreliable, belligerent and bad for business. He's got to go." ★

"I have been champing at the bit to be a mother for a really long time," Anne says. "I also had to find a baby daddy first — which I now have."

# ADOPTING!

**The Oscar-winning actress wants to start a family ASAP.**

**S**HE says she's wanted to be a mom since she was 16. And now that she's 32 and happily married, **Anne Hathaway** is finally making her dream come true.

*Star* has learned that Anne and her husband, **Adam Shulman**, are in the process of adopting their first child together — and both of them are thrilled about it. "Anne is so unbelievably happy and excited right now," a source tells *Star*. "She and Adam cannot stop talking about it to all their friends and family.

They honestly can't wait to be parents."

Anne has made no secret of her desire to have a baby. Shortly after she married Adam, in 2012, she revealed, "I had one goal in mind for the past 12 years, which is: get a movie, get a movie, get a movie. Now I might have to say: get a baby, get a baby, get a baby."

Although a rep for the actress denies it, a source says Anne and Adam, 34, have been trying for a biological baby since the wedding — but it hasn't worked out. "They tried fertility doctors and alternative

medicine, but it just didn't happen."

So the couple decided to go the adoption route instead — opting for an American-born child instead of traveling overseas. "Anne wants to help a child in need of a home right here, though they'd consider adopting from overseas in the future," the source says, and this baby is likely to be the first of many. "Anne wants a huge family," the friend explains. "She wants the siblings to be close in age, so she and Adam will be busy for the next several years!" ★

While Nina insists that her recently announced decision to leave the CW show was part of a long-term career plan, sources say the real reason she quit was because she couldn't stand to see costar **Ian Somerhalder** with another woman. Nina and Ian amicably broke up in 2013 after two and a half years of dating — but things went sour for Nina after he started seeing one of her good friends, *Twilight* star **Nikki Reed**. “Nikki didn't feel like she did anything wrong, but Nina did. She'd confided in Nikki about Ian and felt used,” says one source. “Seeing them together made it not fun to come to work anymore.” ★

## Josh & Tamsin ENGAGED!

THE final nail in the bachelor coffin for one of Hollywood's hunkiest has been driven. According to numerous sources, *Penny Dreadful* star

"He's calling her his fiancée, and they're crazy about each other," says one insider, while an eyewitness who recently saw the couple at the Chateau Marmont confirms, "There was definitely some major bling on Tamsin's ring finger."

Josh, 36, seemed destined to break hearts ever since he first marched down a high-school hall in slow motion to the tune of "Magic Man" in 1999's *Virgin Suicides* as lady-killer Trip Fontaine. Over the years he's heart-netted himself a long list of top-shelf celebrity beauties — including **Scarlett Johansson**, **Rihanna**, **Penelope Cruz**, **Sienna Miller** and **Amanda Seyfried**. "She knows she isn't a typical bride," explains a friend of Sofia, 42, who has enlisted her pal **Donatella Versace** to design the dress. "Yellow is her favorite color, so that's what she wants to wear." Like most Versace creations, the friend says, the gown will be form-fitting and sexy — in other words, perfect for Sofia! ★

## Josh & Fergie READY FOR IVF

"The plan was always to have two," **Josh Duhamel**, 42, said not long after his wife, **Fergie**, gave birth to their 19-month-old son, Axl. But an insider says that, after trying hard to conceive again naturally with no luck, the couple have consulted a fertility expert and are now considering IVF. "They knew it was going to be tough because it took so long to get pregnant the first time," says the source, who adds that Fergie wants to do IVF only "as a last resort." According to statistics, 40-year-old Fergie has a scant 5 percent chance of conceiving naturally during each cycle (a 20-year-old has a 25 percent chance), and while IVF may be able to boost those odds significantly, there's no guarantee. "She doesn't want to be bloated and uncomfortable and hormonal for a year and still run the chance of not having a baby at the end of it," says the insider, "but if that's what it takes to have another child, she will do it." ★

And while friends of the *Beverly Hills, 90210* alum are genuinely happy for her, some are concerned that the timing might be a bit reactive. “Jennie wants everyone to think she’s fine and fully recovered from Peter,” says one pal. “But they know that, deep down, she’s still really sad and a little broken. They just wonder if she’s rushed into this engagement as a way of trying to prove to the world and Peter that she’s moved on too. They’d like her to get to know him a little better before marrying him.” ★

## Bobby Flay PUTS FORK IN MARRIAGE

Looks like the third time was not a charm for **Bobby Flay**. Amid ongoing rumors that he cheated with both **January Jones** and fellow Food Network star **Giada De Laurentiis**, the 50-year-old celebrity chef has filed for divorce from his wife of 10 years, *Law & Order: SVU* star **Stephanie March**, 40. “There’s a lot of anger on both sides, and this split will turn into a hot war,” says an associate of the couple. Indeed, things began heating up a month ago, when Stephanie kicked him out of their Manhattan home. She is reportedly trying to get more money than what’s stated in their prenup, on the grounds of infidelity. Meanwhile, Bobby has cut off her credit cards and wants to issue an “amicable split” statement to save face. Given that revenge is a dish best served cold, that seems unlikely. ★

### Tell It Like It Is

"Talking with Diane will be so freeing for Bruce," a source says of the ABC news icon (left). "His closest friends know how important it's been for him to take this step forward."

What You Will  
And Won't See...

# INSIDE BRUCE'S

# TELL-A

BRUCE JENNER'S READY TO LAY HIMSELF BARE ABOUT HIS NEW LIFE — AND HOW HIS CONTROLLING EX, KRIS JENNER, MADE HIS OLD LIFE A LIVING HELL.

## Kris Knew All Along!

"Living with Kris was an absolute nightmare for Bruce for so many years," a source says of his ex-wife. "She was nasty and dismissive when it came to his identity problem, when what he needed was compassion and understanding." And despite her acting shocked around her friends over Bruce's secret life, the source says Kris knew about his feelings from the time they were married in 1991 (above right). "Bruce told Kris on their wedding night that he liked to dress in women's clothes," claims the source. And *Star* reported exclusively on what Kris knew in October 2013 (right).

What promises to be an historic night of television, ABC will be airing **Bruce Jenner's** much-anticipated sit-down interview with **Diane Sawyer** on April 24, with the former Olympic decathlon gold medalist expected to open his heart and soul to discuss his ongoing female transformation for the very first time. And among the many millions of viewers expected to be tuning in, there's one with much more than just a passing interest in what Bruce will be revealing: **Kris Jenner**, whose divorce from the transgendering iconic athlete was finalized last December.

Since the news first broke about Bruce's impending public tell-all, behind the scenes, the Kardashians' monster momager has been claiming that she was blindsided by Bruce's secret. But a source says Kris is playing dumb because of her anger and embarrassment — and that her greatest fear is what Bruce will tell Diane about what she knew, when she knew it — and the horrible way she's treated him! "Kris made Bruce live a lie for so long," the source tells *Star*. "She never supported his brave desire to be true to himself, and she wanted to keep his secret just that, a secret, for as long as possible. In her mind, Bruce's decision didn't factor into her idea of the family brand — and their ability to make as much money as possible, which is what Kris has always been about."

Now, the source adds, "Kris is absolutely shaking in her boots about being exposed as a heartless fraud when Bruce has his say." And that's just one of the bombshells in *Star's*

exclusive sneak peek at what Bruce will — and won't — be revealing in his upcoming, groundbreaking interview.

### BREAKING FREE

"Bruce has been aching to go public about all the changes in his life for a while now," the source adds, "but he unselfishly put his family first for the sake of his children and stepkids, to make sure they were all old enough and strong enough to understand and handle his decision. Now he feels the time is right."

Bruce, 65, has reportedly known since the age of 5 that he had a dominant feminine side. "His interview will cover nearly every aspect of his new life and old," the source tells *Star*. "But at the same time, to Bruce's credit, he didn't want it to be overly sensationalized. So he most likely won't be discussing things like his taste in female ▷

# WILL BRUCE RETURN HIS OLYMPIC MEDAL?

**W**HILE Bruce's decision to live his life as a woman has been met with tolerance and understanding in most quarters, the shock of a hunk who once held the title of world's greatest athlete making that transition has also given rise to some extreme views — one of which is: Should he return the gold medal he won in the decathlon at the 1976 Olympic Games in Montreal? "I've heard some people suggest that, and I think it's ridiculous," celebrity bodyguard **Mark Behar**, who boxed Bruce in November 2009 at a charity benefit for the Dream Foundation, tells *Star*. "That medal is a once-in-a-lifetime honor that he's earned for eternity. He hasn't broken any laws. What he does in his private life is strictly his business."

fashion. He wanted to be matter-of-fact — but not cheap or silly."

## UNDER THE KNIFE

One likely talking point between Bruce and Diane, the source adds, would be a straightforward discussion of the medical procedures he'll be undergoing to make his transformation complete.

Reportedly, he recently received breast implants and has softened his facial appearance by using Botox and dermal fillers and

having his Adam's apple shaved down. Now, the source claims, Bruce is ready to move on to the most dramatic level: full gender reassignment surgery from male to female. "Now that he's unburdened himself to Diane, Bruce is considering

having the surgery in late spring," says the source. "Obviously, having his genitals removed will mean there will be no going back for Bruce, and the seriousness isn't lost on him."

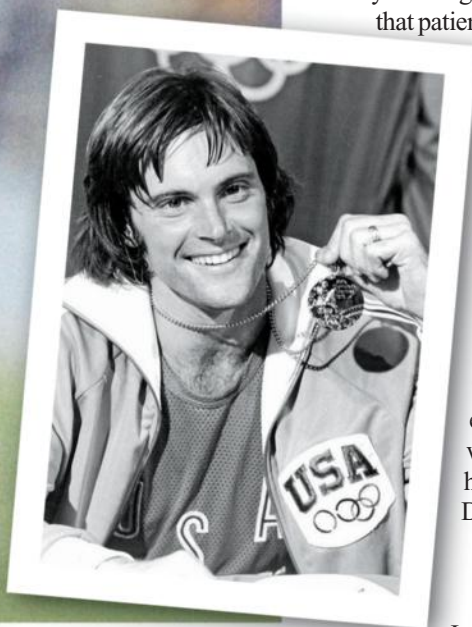

Dr. Harold Reed, a Miami-based reconstructive urologist and cosmetic surgeon, explains to *Star*: "The patient is put to sleep with general anesthesia, then the scrotum and testicles are removed, as well as the erectile tissue and the urethra. The penis is then brought inside the pelvis to make a vagina. The head of the penis is nipped and the tissue is then used to form and reattach a clitoris. Afterward, the patient is on a catheter for about two days, and the site stays packed with gauze for seven days. After about a week, they're usually able to go home." Dr. Reed says that patients "are able to have

sex after about eight weeks, but it takes three to four months for full cosmetic recovery."

The source adds that after his surgery is complete, "Bruce will consider himself to be a lesbian, because he will be a woman who is attracted to other women. This is not an issue he has ever had any confusion with. And it's something he may make clear to Diane Sawyer."

## IT ALL COMES BACK TO KRIS

In the end, says the source, whatever physical or mental pain and discomfort Bruce has endured throughout this monumental life change will have been totally worth it to completely escape from under Kris' thumb. "If wanting to change his gender ultimately led to his

## ROB'S ON THE OUTSIDE

In private, a source tells *Star*, Bruce has had the loving support of all his children (sons Burt, **Brandon** and **Brody**, and daughters Casey, **Kendall** and **Kylie**) and stepchildren (**Kim**, **Kourtney** and **Khloé Kardashian**) — except one. Bruce's troubled stepson, **Rob Kardashian**, who's been battling problems with drugs, alcohol and depression, "has turned his back on Bruce and refuses to even talk with him," says a source. "He's just totally against what his stepdad is doing. Bruce is heartbroken about Rob's reaction; he really loves him and cares about him."

split from Kris, then it's the best thing he could have done for himself,” says the source. “She was controlling every aspect of his life and couldn't care less about her husband's well-being.”

And another insider tells *Star*: “Kris is beside herself with worry that she's going to come off looking like a harpy in Bruce's interview, and she's furious at him for going through with it. But he's just as angry with her, because he discovered that Kris herself has been a secret source to some news outlets about their lives. Now he feels totally betrayed by her, and he'll never trust Kris enough to share any of his feelings with her again. When Bruce is done with you, he is done with you!”

Adds the source: “Bruce is counting down the days until the interview airs, because it will truly mark the dawn of a new life for him. This will be his chance

to say good-bye to the old Bruce and introduce the world to his new, female self — the self he had been forced to hide for so long. It's incredibly emotional and moving for him to be able to look everyone in the eye and say, ‘Yes, this is me, and I'm here to stay!’

“After this experience, Bruce hopes to become a voice for the transgender community and an activist on its behalf, to promote better understanding and acceptance of it — and to help other

people who have been forced to live a lie for so long, like he was.” ★

## BRUCE'S SECRET WAS SAFE...FOR 30 YEARS

Despite some raised eyebrows through the years over his plastic surgery, there had never been a hint of Bruce's ultrafeminine side — until Ellen Kardashian, the widow of Kris Jenner's first husband, Robert Kardashian (who passed away in 2003), gave an exclusive interview to *Star* in January 2012. One night, she claimed, while having drinks with Bruce's ex-wife Chrystie Crownover Jenner (who had been with him during his Olympic glory), Chrystie told her that she once returned home from a trip to find that Bruce “had gone through all my clothes. And I found my bras.... He'd clip them together and wear them.”

For example, he currently has a huge crush on **Sofia Vergara** and thinks she's one of the most astoundingly gorgeous women on the planet. He also loves **Salma Hayek** and **Penélope Cruz**. # rosie's ADOPTION SCANDAL

AS ROSIE O'DONNELL BATTLES THROUGH A DIVORCE, THE MOTHER OF HER YOUNGEST CHILD CLAIMS THAT ROSIE LIED TO GET HER TO GIVE UP HER BABY — AND THEN CRUELLY CLOSED THE DOOR.

**S**HE'S going through her second painful divorce in less than a decade. But that's just the tip of the iceberg when it comes to **Rosie O'Donnell's** personal troubles.

In an exclusive interview with *Star*, the birth mother of Rosie's youngest adoptive child claims that the ex-*View* cohost and her then wife, **Michelle Rounds**, made false promises to her in order to get her to give up little Dakota in January 2013 — and abruptly cut off contact with her once the adoption process was through. And now the distraught mother wants to tell the world about it.

"Rosie acted as though she was genuinely interested in me and my story," Jami Weaver, who lives in a motel in Texas, tells *Star*. "She made me feel comfortable, showered my older daughter with lavish gifts and showed an interest in my well-being. It made me feel like, for once, someone truly cared and wanted to give me a chance. None of it was true."

## ROSIE WOODED HER

Jami wasn't so trusting at first. As poor as she was, the pregnant single mom balked at the idea of a closed adoption when she was first approached by Adoptions First agency. For Jami, who wanted to be assured her child would have "the best possible home," an open adoption — in

which the biological parent maintains contact with the adoptive parents before and after the birth of the child — was key. "After I denied the closed adoption, [the agency rep] came forward and told me the interested party was a celebrity couple and they wanted to keep the adoption private," she says. "I didn't care and turned him down again." Finally, the agency revealed that the perspective parent was the well-known funnylady. Jami was still concerned. Rosie's insistence on a closed adoption at the beginning of the process had worried her. But after speaking with Rosie several times and getting to know her, Jami grew confident that she would always be a part

of her daughter's life. "I had an extensive amount of contact with her," she says. "She was very warm and welcoming."

Rosie and Michelle became supportive friends to Jami. They bonded with her baby daughter Braelynn, and when Jami gave birth to her second daughter in a Los Angeles hospital on January 8, 2013, the O'Donnells were there. As decided on in their adoption agreement, Michelle and Rosie named the baby Dakota. "I did all they asked of me," Jami says. "After she was born, they asked me to not get my tubes tied so I could have another child for them in the future, and I even agreed to that." One day later, Jami was put on a plane and flown back to Texas. "Everything happened so fast," she says. ▶

## Two For One?

Jami says that while she was pregnant with Dakota, Rosie and Michelle tried to convince her to also give them Braelynn (seen above with Jami, and right with Rosie and Michelle). "All Rosie and Michelle could ever tell me was how much better off Brae would be if I gave her up," she says.

## ROSIE'S OTHER ADOPTION SCANDAL

Only a few weeks ago, Deanna Micoley (left), the birth mother of Rosie's oldest daughter, 17-year-old Chelsea (seen in the framed photo), came forward to claim that in 1997, her then husband convinced her to sign away their daughter to Rosie while she was drugged up on heroin — and that Rosie knew it. "I believe Rosie O'Donnell knew that I was in no condition to sign away my parental rights to my daughter," she said. "She did the worst thing one woman can do to another woman — take her child!" Deanna says she never knew who had adopted her daughter until Chelsea tracked down and contacted her grandfather, who then called Deanna with the news about her celebrity mother. "I don't want her money," Deanna says of Rosie. "I just want my daughter back." Since then, Deanna and Chelsea have been in contact, and Deanna has voiced concerns about her daughter's well-being. "I believe Rosie has abandoned her," she laments. "Since about the age of 12, Rosie's basically shipped Chelsea off to different boarding schools."

**WAS SHE TAKEN ADVANTAGE OF?**

### SCARED INTO SIGNING

In the months following Dakota's birth, things started to sour between Jami and the baby's adoptive parents. While Rosie and Michelle continued to lavish her with gifts, Jami began to suspect their motives when they began pressuring her to allow them to adopt Braelynn as well. "It almost felt like they were trying to buy her from me," says Jami, who received gifts from Rosie and Michelle ranging from an iPad and free Internet service to \$5,000 toward dental work. "They kept telling me Braelynn belonged with them and that I couldn't take care of her. They knew the desperate position I was in and continued to offer me money to let them adopt my older daughter."

Believing that she would be able to

raise her daughter herself, Jami refused — and Rosie and Michelle grew increasingly cold. The gifts soon stopped coming and the lengthy phone calls became more brief and businesslike. Michelle has denied Jami's claims that the couple were essentially trying to "bribe" Jami into giving them Braelynn.

A few months after adopting Dakota, Rosie and Michelle asked Jami to visit a local notary to sign paperwork. Though she didn't understand the papers at first, Jami soon saw that she was being asked to cease all contact with Rosie, Michelle and Dakota. "They scared me into signing the documents," she says, explaining that she felt trapped due to her own lack of money and

representation — and felt she could never be a match for the high-powered couple. Now she feels lied to and let down, the promise of an "open adoption" broken. "I now know their true colors," says Jami. "Rosie and Michelle weren't the warm people I thought they were." ★

HIS SHOCKING SUICIDE

# The Baron Of

THE TRAGIC, SUDDEN DEATH OF HOLLYWOOD'S MOST SOUGHT-AFTER DERMATOLOGIST LEAVES HIS MANY SUPERSTAR PATIENTS MISSING HIM — AND WONDERING WHY HE DID IT.

**H**E wasn't a household name. Yet, as Hollywood's premier cosmetic dermatologist — and the father of Botox treatments — Dr. Fredric Brandt was responsible for the smoothed-out

look of many of the most famous faces in the world. Sought after, celebrated, criticized and sometimes mocked for his own wrinkle-free appearance, Dr. Brandt ended his life on April 5 at the age of 65 after a long, secret struggle with depression — sending shock waves through a community that viewed him as both a visionary and a friend.

"My heart is breaking for the loss of Dr. Fredric Brandt," **Kelly Ripa** tweeted, echoing the feelings of many. "My friend. You will be missed forever and in my heart even longer."

## CELEBRATED AND MOCKED

During his more than 30 years in the business, Dr. Brandt pioneered the use of botulinum toxin (Botox) as well as other injectables like Juvéderm and Sculptra — literally changing the face of Hollywood. "If not for his ability to enhance youth and tautness without traditional surgical procedures such as brow, eye and face-lifts, many of his star clients would've ended up looking overly done and superfake," says Florida-based beauty expert and celebrity lash artist Alicia Hunter, who shared several clients with Dr. Brandt. "Because of his techniques, many celebrities today don't even appear to age and often look much prettier than they did 20 years earlier!"

In Hollywood, he was known as the Baron of Botox. But while his famous fans ranged from **Joy Behar** to **Madonna**, who has long credited her smooth skin to him, the flamboyant dermatologist had his detractors as well. Much has been made of Dr. Brandt's line-free face — the result of trying

## Was "Unbreakable" His Breaking Point?

Dr. Brandt was reportedly hurt by Martin Short's portrayal of *Unbreakable Kimmy Schmidt's* "Dr. Grant." But his rep says he didn't kill himself because of it. Adds Joy Behar: "Satire doesn't cause suicide."

products out on himself before injecting his patients.

The doctor was reportedly hurt after seeing negative online comments about his looks. And weeks before he took his life by hanging himself, **Martin Short** appeared on *Unbreakable Kimmy Schmidt* as a plastic surgeon named Dr. Grant (pronounced "Franff") who is so heavily Botoxed he can't move his face enough to say his own name — an obvious spoof of the New Jersey-born doctor.

Though his publicist, Jacquie Trachtenberg, insists the humiliating portrayal had nothing to do with Dr. Brandt's suicide, those close to

him say that he was deeply upset by it. “The show definitely deeply hurt him,” Jacquie Trachtenberg concurs. “He was being made fun of because of the way he looks. It is mean, and it was bullying.”

## HE HAD BEEN SUFFERING FOR MONTHS

Known for his upbeat, boisterous personality, Dr. Brandt hid his darker feelings from his patients. “He was singing his typical showtunes, and his face lit up after I was ecstatic with my results, per usual,” one of his last clients tells *Star*.

“There were no warning signs I could see.”

But others

tell a different story. Reportedly suffering from depression for months, the doctor was on suicide watch in the weeks prior to his death, with close friend John Joseph Hupert staying at his house in order to keep an eye on him. For the previous 10 days, his psychiatrist had been reportedly treating him for depression as well.

Aside from the clinical depression, Dr. Brandt had been going through a rough patch personally. As successful and rich as he was, he had been down in the dumps over his career following the cancellation of his SiriusXM radio show. “We had a chat about his show being canceled,” says close friend and patient Joy Behar, who saw Dr. Brandt three weeks before his death. “He was upset about that.” Still others claim Dr. Brandt was very lonely and longed for a partner — though his true reasons for killing himself will probably always remain a mystery. “He was one of a kind,” his patient says. “It’s so sad.” ★

## Hollywood's Smoothest Operator

After Dr. Brandt's death, his many famous clients took to the internet to express their grief.

Patti Stanger called him “a true innovator” while Joy Behar said, “He will be sorely missed.” Kelly Ripa, Madonna and Nina Garcia also mourned him.

# SEX, DRUGS & ROCK 'N' ROLL

Jon and Demi got close in the early '80s.

## Read All About It!

Jon's new memoir, *So That Happened* (right), spills the beans about his sexy but short-lived relationship with Demi while they worked together on the 1984 movie *No Small Affair*.

TWENTY YEARS BEFORE DEMI MOORE BEGAN DATING ASHTON KUTCHER, SHE HAD A CRAZY, STEAMY FLING WITH HIS TWO AND A HALF MEN COSTAR JON CRYER — AND THEN BROKE HIS HEART.

## Demi's

# WILD H

## With

beat-up Honda Civic, with Demi often holding an open beer as she drove. She also introduced Jon to her circle of friends at dinners and parties — and, as he confides, “If you ever get the chance to fool

around with a beautiful actress in a hot tub, do it, because it's incredibly fun.”

Jon writes that he was certain his relationship with Demi was “the real thing, and that we would last.” But cracks began to show after filming began and the production moved to San Francisco, with Jon recalling that there were days on the set when Demi seemed “agitated” and he “couldn't get through” to her. He then drops a bombshell: Demi had revealed to him at one point that she had previously tried cocaine and “apparently found it enjoyable” — and a makeup artist on *No Small Affair* explained her erratic on-set behavior by confiding to Jon: “I think Demi has a problem.”

**H**E was a skinny, theater-trained, self-professed “awkward” NYC kid, one month shy of his 19th birthday, just beginning his Hollywood career. She was a 21-year-old wild-child actress who had posed nude for the men's magazine *Oui* three years earlier, when she was a struggling model, and who had recently appeared topless in her breakthrough film, *Blame It on Rio*.

It was March 1984 when the odd pairing of **Jon Cryer** and **Demi Moore** began filming *No Small Affair*, a romantic comedy about a shy young photographer who falls in love with a streetwise rock

'n' roll singer. And as Jon, 49, reveals in his new memoir, *So That Happened* (New American Library), real life imitated reel life after Demi suddenly kissed him during their first night together in Hollywood. A “flabbergasted” Jon performed, as he writes, an “emotional belly flop. I fell for her hard.”

### LIVING THE HIGH LIFE

Demi had “a palpably smoky sexiness” and was “an absolute goofball,” Jon writes, “which I quickly learned is a devastatingly attractive combination to me.”

They spent three weeks together before filming began on *No Small Affair*, careening around Los Angeles in her

## Ashton & Jon THE MOORE, THE MERRIER

When Ashton Kutcher was hired in 2011 to replace imploding costar **Charlie Sheen** on *Two and a Half Men*, Jon writes, he had "a wife I had dated when he was 7 years old. I didn't know if he knew this, so I kept quiet and just tried to get to know him.... But, *Jesus, does he know?* was in the back of my mind."

Fortunately, writes Jon, Ashton broke the ice one day when he turned to him out of the blue and told him, "Oh, man, I just want to say, Demi told me you guys used to date. Totally cool. Don't feel weird about it."

Ashton with Demi in 2011 (left); with Jon on their sitcom (above).

# LOOKUP

## Jon Cryer!

As *Star* has previously reported, Demi, 52, spent two weeks in rehab following a hospital stay for "convulsions [due to] cocaine" after she began filming *St. Elmo's Fire* in late 1984. Demi was hospitalized again 27 years later, after she collapsed at her Beverly Hills home in January 2012, allegedly from smoking an incenselike substance that had possibly been laced with powerful designer drugs, accompanied by hits of nitrous oxide (known as Whip-Its). It was reported that she then checked into rehab that February.

### BEGINNING OF THE END

After production on *No Small Affair* moved back to L.A., writes Jon, he was hoping that his relationship with Demi would revert back to the carefree and affectionate feel of its early days. That wasn't to be, however — and, as Jon reveals, he was stunned to learn that Demi apparently didn't share his view

of them as an exclusive couple.

Stopping by her home in L.A. one afternoon, Jon was greeted at the door by Demi's housekeeper, who informed him, "She's out with her boyfriend." To which, Jon writes, he replied: "But...I'm her boyfriend!" That evening, he recalls, he met up with Demi at her home to discuss the state of their relationship. At one point, says Jon, she was sitting on the bed and he had his back to her while helping her take off her boots. He mentioned his concern that Demi had "a drug problem" — and she kicked him "halfway across the room." With that, writes Jon, they were "officially broken up.... I was devastated."

In the mother of all ironies, Demi eventually wed **Ashton Kutcher** in 2005. During their divorce proceedings six years later, Demi listed their date of separation as being in November 2011 — two months after Ashton debuted as Jon's costar on *Two and a Half Men*! ★

**T**AYLOR SWIFT has everything she ever dreamed of — an international singing career and a fortune worth more than \$60 million. But the 25-year-old star would give it all up tomorrow to help her mother, Andrea, beat cancer. In an emotional letter to her fans, Taylor revealed that she found out after asking her 57-year-old mom to go to a doctor and get a checkup as a Christmas gift to her.

“There were no red flags and she felt perfectly fine, but she did it just to get me and my brother off her case about it,” Taylor wrote. “The results came in, and I’m saddened to tell you that my mom has been diagnosed with cancer.”

A friend says that Taylor didn’t want to give specifics about the cancer to protect her mom’s privacy as she undergoes treatment. And even though she is trying her best to be brave and supportive, she is actually terrified.

“Taylor has shed a lot of tears over this,” says the source. “She is always upbeat around Andrea, but she has told her friends that she’s frightened. She’s barely eating or sleeping because she is so worried for her mother.”

#### BEST FRIENDS

Taylor has long credited her housewife mom, Andrea, and her financial advisor father, Scott, for her success. When she was just 11, Taylor persuaded Andrea to drive from the family home in Pennsylvania to Nashville to submit her demo around town, and she later wrote the song “The Best Day” for her. “My mom and I have always been really close,” Taylor has said. “She’s always been the friend that was always there. There were times when, in middle school and junior high, I didn’t have a lot of friends. But my mom was always my friend. Always.”

An insider says the star is promising to get her mother the best possible treatment, and she has encouraged her fans to follow her lead. “Your parents may be too busy juggling everything they’ve got going on to go to the doctor, and maybe you reminding them to go get checked for cancer could possibly lead to an early diagnosis and an easier battle,” she wrote.

“Taylor’s trying hard to be the cheerleader,” the friend says. “She told Andrea that they will beat this together.” ★

Andrea started Taylor on vocal and acting training at age 9.

**Ready For Battle**  
“Andrea has been there for Taylor every step of the way,” a friend says. “Taylor feels that this is her moment to be there for her.”

Q&A  
**JASON  
DERULO**

THE SUPERSTAR POP SINGER IS  
HOTTER THAN EVER AS HE DROPS HIS  
FOURTH — AND BEST — ALBUM.

Jason named his new album *Everything Is 4* because, "Everything is for my mom, everything is for my fans, everything is for proving to myself that I can do it. Everything is for a reason."

Jason will perform at Star's Hollywood Rocks Party at The Argyle in L.A. on April 15. For more on Jason, check out [jasonderulo.com](http://jasonderulo.com).

**H**E'S the fastest-rising star in pop, and prolific singer-songwriter **Jason Derulo** can thank his smash hits, last year's "Talk Dirty to Me" and his latest, "Want to Want Me," for launching him to the top. The latter track is one of the new songs on his fourth studio album, *Everything Is 4*, set to drop on June 2. Jason, 25, spoke to *Star* about his new music, his inspiration and his ideal mate.

**Tell us about your next new single, "Get Ugly."** It's about that ugly face you make when you hear that sick beat or something that just feels amazing. Just getting nasty and enjoying yourself.

**What can we expect from the album?** A lot of growth. I've been through so much in the past year, and I've been able to accept changes that were thrown my way and go with the flow.

**What inspires you the most?** My fans. I want them to find themselves in my stories. When I'm in the studio, we're a team. I always try to put my best foot forward because I know they're watching.

**As a new judge on *So You Think You Can Dance*, what advice would you like to impart?** Find what your true light is. What makes you different? What makes you shine? A lot of people chase a lot of other people's creativity to a fault. You can be influenced by somebody, but find what makes you special.

**You've used Tinder to launch a single. Have you used the dating app yourself?** I haven't. My cousins use it a lot. I see the fun that they're having and I get jealous, so I get to experience it that way. But it isn't really right for me because of the nature of what I do.

**What type of woman are you looking for?** I'm having a good time, enjoying life and relaxing. I'm open to dating as well, of course, but the girl I end up with has to have some similarities and some differences. I want somebody who likes going to restaurants and ordering a bunch of things to taste everything, and when they want to do something that I'm not used to doing, it's cool because I'm being introduced to different things. And nobody likes a dummy! —LINDSAY FARBER ★

**N**O butts about it, **Nicki Minaj** is at the top of the hip-hop world. Her latest album, *The Pinkprint*, is already a smash, thanks in part to top 20 hits “Anaconda” (the video for which has an insane 429 million hits on YouTube!) and “Only.” And she has broadened her empire with her own fashion, fragrance and beverage lines, including Myx Fusions Moscato fruit drinks, which is the fastest-growing wine beverage in the U.S.

Next up for Nicki is finishing up the European leg of her Pinkprint tour and gearing up for North American dates, beginning June 5 in Austin, Texas. But before then she’s headlining at a party following the highly anticipated May 2 **Floyd Mayweather–Manny Pacquiao** fight, with VIP tables at the Chateau nightclub at the Paris Las Vegas Hotel and Casino going for \$10,000! So to what does Nicki attribute her unstoppable success? “Sometimes, as women in the industry, if you’re sexy or like doing sexy things, some people subconsciously negate your brain. They think you’re stupid,” she says. “I’m on 15 to 25 conference calls every few days, strategizing with my team. I think a lot of artists sit back and have it done for them.” Not this self-proclaimed Barbie B\*tch! ★

Nicki’s line of Myx Fusions Moscato drinks includes mango, coconut and peach flavors.

Nicki’s golden while performing in Birmingham, England, on the European leg of her sold-out *Pinkprint* tour, coming to the U.S. soon!

### → TRUE STORY

**Jonah Hill** and **James Franco** take a break from comedy to star in this intensely creepy true story of Mike Finkel. He's a well-respected *New York Times* reporter who's been fired for making up parts of a major article. As he scrambles to get his career back on track, he discovers that an Oregon man named Christian Longo (**James Franco**) — who is charged with killing his wife and three children — had used Finkel's name as an alias while he was a fugitive. When Finkel contacts him, Longo promises to give him his whole story, in hopes that Finkel will prove his innocence. But does Finkel really know who he's dealing with? Franco is alternately chilly and seductive, a man with very dark secrets. Hill finds the fervor of a newsman on the trail of a good story — one that he believes will vindicate him and his new friend. It's a taut and sinister drama full of surprises.

**LONG STORY SHORT:** Hill and Franco have an unsettling chemistry. ★★★★★

### → HAPPYISH

Premieres Sunday, April 26, at 9:30PM  
on Showtime

The late Philip Seymour Hoffman was supposed to star in this dry comedy series; he's been replaced by **Steve Coogan** as Thom Payne, an advertising executive at a crossroads. The company where he works has been purchased by a multinational, which wants to go younger in its approach. What's a middle-aged plodder to do? But he's got a bigger problem: Thom can't figure out why he's not happier in his life, when he's devoted his career to figuring out ways to convince people that the products he's hawking will make them feel better about themselves. The show has a

great cast supporting Coogan, with **Kathryn Hahn** and **Bradley Whitford**.

But it's never quite sharp or funny enough as it sets up what ought to be a dilly of a midlife crisis. Hopefully as it progresses it can generate more laughs.

## → ALEX OF VENICE

**Mary Elizabeth Winstead** stars as an overworked environmental attorney who discovers just how little control she has over her life when her husband walks out. Suddenly, she's forced to cope with a 10-year-old son with social anxiety, an aging father (**Don Johnson**) facing memory problems and her visiting sister (**Katie Nehra**), who is both irresponsible and a bad influence. And dating for the first time in years ushers in a whole host of other issues. But, tonally, it's stuck between unfunny quirky comedy and low-stakes drama with a rather clichéd message: Life is short, take it as it comes. Good advice, but not enough to float this increasingly frantic yet slow-moving film.

**LONG STORY SHORT:** A drama that never quite comes to life.

## → THE MESSENGERS

Premieres Friday, April 15, at 9PM on The CW

This disappointing new sci-fi series follows a half-dozen characters (including Sofia Black-D'Elia, above right), most of whom don't know each other at the start of the story. Then a meteor — or is it? — strikes in the American Southwest. It sends off a shock wave that kills those characters — then brings them back to life, changed. They are, in fact, a sleeper cell of angels whose powers have just been unlocked, though they don't know it. They've been living as humans, waiting to be summoned to fight the devil, and that meteor was actually a mysterious being (devilishly handsome **Diogo Morgado**). Expect a lot of horror-movie special effects and chatter about Armageddon. But this quasi-biblical supernatural series is strangely unsurprising.

# HYDRATE SKIN FROM WITHIN

After age 25, your body's collagen levels begin to deplete at a rate of 1.5% per year. That means by age 40, you've already lost almost a quarter of the collagen your skin needs to be firm and smooth. So what can you do to help **stop the clock**? Lucky for you, we want to share three best kept beauty from within secrets for radiant, youthful skin.

**1) Supplement Hydrolyzed Collagen** to help stimulate the fibroblasts within your skin. This produces more collagen and supports your skin matrix for smooth, firm skin.\*

**"I was just really blown away by the difference!"**

-Gigi Parker, Health&Wellness Blogger

**2) Start a skin diet.** Eating plenty of nutrient packed power foods such as fruits and vegetables can help your skin glow like never before. Fun food fact: Foods high in Vitamin C, like sweet potatoes, aid in collagen formation.\*

**3) Hydrate from within.** You've heard it before for a reason. Drinking enough water is crucial to healthy skin. The "8 by 8 Rule" (eight 8oz cups of water daily) is a good rule of thumb, but factors such as exercise, environment, and health can change your necessary intake. There are many online hydration calculators you can use to find your optimal hydration intake.

## A Glorious Tribute!

# Saint John Paul II

### Commemorative Edition

Exclusively from Ashton-Drake

April 27, 2014, will forever be remembered as the day of the canonization of Pope John Paul II. Only nine years after his passing, his ascension to sainthood is the quickest in modern times, inspired by the chants of *Santo Subito* ("Sainthood Now!") from the crowds gathered at his funeral Mass in 2005. "The Pilgrim Pope" was one of the Catholic Church's most influential leaders, serving for almost 27 years and traveling to more than 100 countries to deliver his message of peace.

Now you can honor this beloved Holy Father and his historic papacy with the *Saint John Paul II Commemorative Edition*. Beautifully sculpted by a master doll artist, it is hand-painted for touching realism. Unwavering attention to detail has been given to the crafting of his papal vestments embellished with golden trim and papal symbols. The edition is 17 inches high, including the custom display base which features an engraved brass-finished plaque.

**An incredible value—strictly limited!**

The *Saint John Paul II Commemorative Edition* is individually hand-numbered with a matching-numbered Certificate of Authenticity and arrives in a custom Collector's Box with a special Collector's Card. Yours for just \$129.99\*, this fine collectible is payable in five easy installments of \$25.99 each, backed by our 365-day guarantee. Orders will be filled on a *first-come, first-served* basis—and worldwide demand is expected, so don't wait—order today!

Four years after buying this two-acre property on Kauai's Hanalei Bay that has 200 feet of beach frontage, **Julia Roberts** and husband **Danny Moder** are asking more than double what they paid for it.

We think selling their place is a big mistake. Huge!

Chuck Norris and Mark Zuckerberg also own pads in the area.

### CHRISTIE'S

## Black Eye

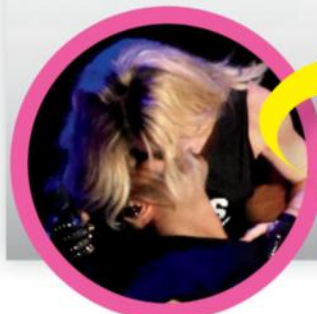

Not the face! Christie Brinkley got a nasty injury when she tried to help a bird while on vacation in Turks and Caicos. She was whisked to a hospital in Miami for stitches and a CAT scan, but she quickly bounced back to post upbeat photos with the hashtag #thankful.

## MADONNA PLANTS ONE ON DRAKE

Well, it was good for her, at least. A month after declaring that kissing **Drake** was an item on her bucket list, **Madonna** got her wish at Coachella. Problem is, Drake seemed more traumatized than turned on. You can't win 'em all.

GROSS-  
OUT!

**Khloé and Kim were flanked by their Armenian cousins Kara and Kourtnei.**

# Kardashian KOUSINS

LOOKS like the famous family's obsession with the letter K isn't just an American thing. During their recent visit to Armenia, **Kim** and **Khloé Kardashian** caught up with **Kourtnei** and **Kara**, cousins on their late father Robert's side of the family. ("We miss you **Krista!**" Kim posted of the Armenian clan's absent sister.) The glamorous cousins toured local landmarks, including the ruins of their ancestral family home in the city of Gyumri; laid tulips at the Armenian Genocide Memorial, commemorating the 1915 slaughter of Armenians by Ottoman soldiers; and met with the country's prime minister, who congratulated them for not forgetting their roots. With **Kanye West** and North along for the ride, it was all captured by *Keeping Up with the Kardashians* cameras. No word yet on whether an Armenian spin-off is in the cards. ★

# Star WEEKLY AWARDS

We round up the week's best, worst and downright strange

## \* Most Photoshopped Album Cover

**Mariah Carey**, who in recent years has sported the Rubenesque curves to match her diva reputation, appears to have regained the body she had at 24 on the cover of her new greatest-hits package, *#1 to Infinity*. It's a magic trick to rival any that the diva might find in *Sin City*.

## \* MOST EYE-RAISING SLIP

Mischa Barton suffered a major wardrobe malfunction at a screening of her new film, *Bhopal: A Prayer for Rain*. Judging from the look on costar Martin Sheen's face, though, his prayers may have been answered.

LETTING IT ALL HANG OUT!

## YIKES!

## \* Scariest Statue

A 400-lb. bronze sculpture of funnylady Lucille Ball in her hometown of Celeron, N.Y., went over like a lead balloon after locals denounced it as outright "frightening"—and formed a Facebook page dedicated to its removal.

THEN

HIPSTER TO HOTSTER!

NOW

## \* SEXIEST TRANSFORMATION

Who knew that Taylor Swift's amour, DJ Calvin Harris, used to look more like a young and pale Dana Carvey than Ryan Gosling's stone-cut cousin?

## \* Most Surprising Fashion Choice

Take that, gender conformity! Days after posting the message "Went To TopShop To Buy Some Girl Clothes, I mean 'Clothes,'" Will Smith's son Jaden, 16, rocked this unique skirt-and-shorts ensemble.
